

Regulations for use of the service of rail travel consulting and planning available on the Web site www.rozklad.sitkol.pl

1. The rail travel planning system, available on the Web page www.rozklad.sitkol.pl, is an information and consulting application, which contains train timetables information including:
 - a. Variants of possible connections between any starting point and destination; it is possible to enter a train station/stop, an address or a POI (point of interest),
 - b. Arrival and departure times for selected trains,
 - c. Travel duration time,
 - d. Number and place of transfers,
 - e. Arrival/departure tables for individual stations and stops (train arrival/departure time, train type and number, travel days and key intermediate station information),
 - f. Detailed information on the train route (train number and type, arrival/departure times for individual stations/ stops, travel time and additional services rendered by the carriers on board),
 - g. Display of train names for the selected connections and the Passenger Railways Operator names,
 - h. A presentation of the selected connections using a special electronic map of the railway network for the rail travel planning system, compliant with D29,
 - i. Customization of train departure tables for a station/ stop by defining the so-called Ticker – the dynamical departure table,
 - j. Presentation of Park&Ride facilities according to information received from parking owners,
 - k. Travel planning, taking into account the time of travel to the railway station/stop while walking, biking or driving a car.
2. The source of data presented in the service on railway traffic is information obtained from Passenger Railway Operator:
 - PKP Intercity S.A.
 - PKP Przewozy Regionalne Sp. z o.o.
 - PKP Szybka Kolej Miejska w Trójmieście Sp. z o.o.
 - "Koleje Mazowieckie - KM" Sp. z o.o.
 - Arriva PCC Sp. z o.o.
 - Szybka Kolej Miejska Sp. z o.o. (Warszawa)
 - Koleje Dolnośląskie S.A.
 - Warszawska Kolej Dojazdowa Sp. z o.o.
3. The source of data presented in the service with regard to the municipal transport facilities for the agglomeration of Warsaw is information provided by Public Transport Authority of Warsaw (ZTM Warszawa).

4. The travel planning system www.rozklad.sitkol.pl does not take into account the periodical changes in the train arrival/ departure times of less than 5 minutes in relation to the timetable.
5. Telekomunikacja Kolejowa Sp. z o.o. (TK Telekom) is an administrator of the travel planning system and it is responsible for the technical aspects of operation on the system, made available on the Web page www.rozklad.sitkol.pl, as well as the cellular phone applications available at mobile.sitkol.pl , h2g.sitkol.pl and the services of TK Telekom offered on the Web page (timetable on CD, timetable by SMS, timetable by WAP).
6. TK Telekom does its best to make sure that the data presented in the system is updated. Nevertheless, the authors bear no responsibility for validity of the data presented.
7. TK Telekom bears no responsibility for data provided by Passenger Railway Operator.
8. The travel planning system, available on the Web page www.rozklad.sitkol.pl, as well as the cellular phone applications available at mobile.sitkol.pl and h2g.sitkol.pl are free of charge only for individual users, when they are used for non-commercial purposes only.
9. TK Telekom reserves that information contained in the Web service www.rozklad.sitkol.pl constitutes a piece of work in accordance with the act of 04.02.1994 on copyright and related rights (Journal of Laws of 2006 no. 90 item 631 as amended) and a database as understood in the act of July 27th, 2001 on protection of databases (Journal of Laws of 2001 no. 128 item 1402 as amended) and it is subject to protection according to the provisions of these acts. Collecting, using, further distribution, reprinting, publishing in any format (including in electronic format or further transmission of data using remote communication means), processing in whole or in part other than getting familiar with the information by individual clients for private purposes shall require the written consent of TK Telekom.
10. The only permitted mode of use of data available on the Web page www.rozklad.sitkol.pl by other Web services is placement of a link to the main page of the service. Administrators, who are interested in other forms of cooperation, are requested to contact us.
11. Information concerning the mode of filing complaints is available on the Web page of PKP S.A.: <http://www.pkp.pl/cop/reklamacje>
12. Complaints associated with the functioning of the Journey Planning System available on the Web page www.rozklad.sitkol.pl can be made to the following e-mail address: bok@tktelekom.pl.
